PROFILE

Lifetime creator with a background in woodworking and restaurant industries recently making a transition into Web Development. By utilizing my personal experience in these fields I am able to provide a unique perspective on the construction of web pages and applications. I find the logistical challenges that programming presents to be a motivating force in my experience as a developer.

PERSONAL ACHIEVEMENTS

Ultraskate

Homestead, FL

Ultraskate is a 24 hour long endurance skateboard challenge that takes place at the Homestead Speedway in southern Florida. Every year people come from all over the world to test their limits and attempt to ride as many miles as they can in the time allotted. During the course of this event, there are many challenges that a competitor has to overcome. Sometimes these challenges are unexpected and it falls on the individual to correctly assess the situation and provide the best possible solution. All of this has to be done while riding a skateboard for 24 hours. The Ultraskate gives an opportunity for individuals to perform a "hard reset" and gain introspection on their personal lives while also providing a grueling physical experience that some find irresistible.

- **Personal Accolades** - 170 miles (2015), 126 miles (2016), 257 miles (2017), 207 miles (2018), 210 miles (2019), 243 miles (2020)

Chief Ladiga-Silver Comet 188 mile Skate Challenge

Atlanta, GA

The CLSC Skate Challenge is a 188 mile race that takes place over the course of 3 days. Day 1 is ~37 miles, followed by day 2 at ~56 miles. At this point, racers have crossed a state line (and a timezone) to end up in Anniston, AL. On day 3, riders set out at the crack of dawn to complete the entire length of the trail at ~94 miles. The event is done in pure sport and passion for self-induced suffering.

- **Personal Accolade s** - completed the challenge in 2015, 2017, 2018 among the top 5 competitors
